

DISPOSAL OF REFRIGERATORS/FREEZERS

For the disposal of any refrigerator on campus, first you must complete this refrigerator disposal form and have it signed by an EOHS member. Complete this form entirely after the equipment has been ***fully cleaned and decontaminated** by lab personnel. If you have any questions, contact EOHS at (330)972-6866. If this form is not signed, your refrigerator will not be picked up. Attach EOHS signed form to unit, place one workorder for Special Services (moving the unit), and a second workorder is needed for HVAC (refrigerant recovery).

Department: _____

Building: _____

Room No. _____

Contact Person Name: _____

Telephone: _____

Type of Refrigerator:

☐ Chest

☐ Flammable

☐ Full Size Domestic

☐ Explosion Proof

Prior Use: ☐ Chemical ☐ Biological ☐ Radiological ☐ Food ☐ Other

Is the unit currently plugged in? ☐ Yes ☐ No

FOR EOHS USE ONLY

Unit has been inspected based on the information supplied: ☐ Yes ☐ No

Unit is ready to be moved:

Name: _____ Date: _____

FOR PFOC USE ONLY

Work order to move refrigerator for disposal:

Date: _____

***Chemical Hazards:** Wipe surfaces and equipment that have come in contact with toxic/hazardous chemicals with a warm solution of soap and water.

Biological Hazards: Any surface with which a biological hazard has come into contact must be decontaminated using an appropriate agent, such as a 1:10 dilution of household bleach in water (5.25% sodium hypochlorite) left on the surface for 20 minutes, then wiped off, or Wescodyne Plus following manufacturer's recommendations. The surface must then be wiped with a 70% ethanol solution to remove residue.

Radiation Hazards: Contact Radiation Safety through EOHS at (330)972-6866 for proper equipment clearance.

Please attached a copy of the form to the unit after EOHS has signed it.
