

STUDENT RECREATION & WELLNES CENTER EMERGENCY ACTION GUIDELINES

EVENT	WHAT YOU SHOULD DO
<p>Upon request, an electronic copy of this Building's Emergency Action Plan (BEAP) can be provided.</p> <p>Please contact the University's Emergency Management Coord. at 330-972-2633 to request a copy.</p>	<p>Call University of Akron Police Department (UAPD) at 330-972-2911</p> <p>Be prepared to share:</p> <ul style="list-style-type: none"> Type of emergency Location (building and room number) Your name Stay on the phone if possible <p>During a fire or if the elevators are inoperable, have people in wheelchairs move to the closest stairwell and call UAPD to let them know their location and if they need help.</p> <p>City of Akron Emergency Services (Police, Fire/EMS) can be contacted by dialing 911 from a cell phone or Microsoft Teams phone.</p>
Fire	<p>Immediately stop what you are doing. Pull closest fire alarm pull station. Exit the area using closest exit. (Do not use elevators.) Report to your designated evacuation rally point.</p> <ul style="list-style-type: none"> ➤ Rally Point 1: Coleman Common's Clock Tower ➤ Rally Point 2: Parking Lot 10 (Located South East of Building) ➤ Swimmers Inclement Weather Shelter Location – ONAT Pool Deck <p>Remain at the Rally Point until given the all clear to re-enter the building.</p>
Medical Emergency	<p>Provide the following information to the dispatcher: your name, type of emergency, location of the victim(s), condition of the victim(s), any dangerous conditions. Clear the area and have someone monitor the injured person until EMS arrives. Comfort and reassure injured person.</p> <ul style="list-style-type: none"> ➤ There are two AED's located inside this building, ground floor fitness area and the entry level near the front desk.
Large Chemical Spill Occurring inside the Building	<p>Evacuate the area and call UAPD to notify dispatch about the incident. Isolate the area and prevent people from entering. If chemical exposure occurs, locate safety shower and begin flushing the exposed person for at least 15 minutes or until first responders give other instructions.</p>
Hazardous Materials Incident Occurring Outside of Building	<p>Upon notification, close and shut doors, windows. Report to an inside shelter location:</p> <ul style="list-style-type: none"> ➤ Lower-Level Shelter Location: Lower Level Men's and Women's locker rooms ➤ Upper-Level Shelter Location: Track Level <p>Stay in the shelter until given all clear.</p>
Bomb Threat	<p>Write down or electronically save the threat. Report anything suspicious to responding UAPD or EOHS personnel. If ordered to evacuate the building and notice anything out of the ordinary or suspicious, make sure to inform UAPD. Be sure to take all important belongings (purses, wallets, medication, briefcases, etc.) with you when exiting because reentry to the building might not be possible for several hours.</p>
Active Shooter / Violent Incident	<p>RUN - If you are able to escape from the building then do so. Encourage others to leave with you, but do not allow them to slow you down. Don't stop until you are in a safe place! Notify UAPD once you are in a safe location.</p> <p>HIDE - If escape is not possible, find a good place to hide, lock and barricade the door. Turn off lights and silence your cell phones. Prepare a defensive plan in case the attacker enters the room.</p> <p>FIGHT - Find items to throw at the attacker's head (books, chairs, computers, book bags, fire extinguisher, etc.). As a last resort, be prepared to ambush the attacker. Unarm the attacker and secure the weapon in a trash can.</p> <p>Notification - Information will be provided to you by text, indoor and outdoor mass notification systems. Use this information to make good decisions.</p>
Tornado	<p>Upon notification of the National Weather Service issuing a tornado warning for the City of Akron, report to your building's designated tornado shelter.</p> <ul style="list-style-type: none"> ➤ Tornado Shelter Location: Lower Level Men's and Women's locker rooms <p>"All clear" signal will come via text messaging, weather radio and campus outdoor warning system.</p>
