Goals for 2024-2025: Updates on the 3 goals:

1. Exploring and providing some recommendations related to the mobile apps supported by the University: Presentation by Chris Muller on Future Mobile App Options.

o Workday Mobile

☐ Included in UA's Workday subscription

☐ For Workday specific functions

☐ Potential for customization in the future

o Microsoft Teams Mobile—Chris gave a demo

☐ All MS Teams functionality

☐ All MyAkron functionality

☐ Integrations with Workday exist and are being expanded

☐ ITS working on replicating current UA Mobile App functionality

Current mobile app will expire next Fall. If we switched to Microsoft's Team Mobile App, it would provide the University with financial savings.

Karima reported on her research on platforms that other Ohio universities are using. Both Ohio State University and Ohio University are using Canvas. In our environment, Canvas would be a replacement for Brightspace. Our Brightspace contract would expire in 2026. Any replacement for Brightspace would need to go through a 6 month bidding process.

Action Items

1. Sheau—will contact Wendy Lampner in CCTC to see if she is available to come to our December 5 meeting.

2. Chris Miller—to provide John with numbers on current mobile app usage and comparison of what's available between Workday and Teams app.

2. Exploring into and recommending enhancements related to classroom technology:

Action Items Updated

1. Karima—drafted two versions for a simple survey on what tech is needed in the classroom. Karima will send this out to the committee for our feedback. (We ran out of time to discuss.)

2. Becky—will find out who submitted the Starbuck/Dunkin simple survey to the Digest so the committee can use as a sample. She will also get the survey uploaded to the Digest/Zipmail once it's completed. (We ran out of time to discuss.)

3. John—will give an update of current ports at our next meeting. Since Jeannette Carson will be retiring next month, John will be the contact person with Audio Visual. (We ran out of time to discuss.)

3. Exploring into and providing some recommendations related to the new MYAkron portal: Andrea Nunley gave a demo and presentation. Some highlights are:

- MyAkron will only be available for UA environment (logged-in) and not public.

- News and Information banner will be used for Digest articles, reminders, new events and other various communication (instead of using email.)

- All Microsoft Apps are available on the page.
- Departments will have the ability to have their own page. (IT will help set up the site and departments can manage it.)
