New Business

- Upcoming elections—Marilia asked to consider running for Chair, Vice Chair or Secretary for the upcoming year starting in September. Marilia said she is on the committee until 2025 and would run again for Chair unless someone else would like to run. Becky said she would run for Secretary unless anyone else would like the position.
- Reports—AY23-24 Annual report (due Sept 18) and the AY24-25 Goals Report (Due Sept 30) will be completed and submitted by Marilia.
- PEC Files—Marilia verified that she didn't mix up some Team files. Becky confirmed all files were good.

Old Business

- None

General Updates from Stephen Myers

- Lack of communication from UAPark on the Polsky deck closing due to striping was discussed. No one received any notice and Steve wasn't aware until recently and he will contact Jared. Apparently Jared thought he put a notice in the Digest but it was never distributed. Surface lots 7, 14, 39 and 43 will be worked on shortly.
- Wonder Bread building—putting down top soil and we're maximizing the \$1 million grant from the state to help offset the costs.
- Center for Precision Manufacturing—equipment has been relocated and they started to hook it up at the end of last month so it will be ready for fall move in.
- EJ Thomas—Concrete work started as soon as all the graduations were over. Work continues below and UA Park is doing some work in the deck.
- Mary Gladwin Hall—renovation of room 305 is 99% complete. Inspections were at the end of May. A few outstanding items and then they'll be ready to move for the fall.
- Blue gym renovation in rec center—Vault is getting fixed. Problem is the work being done next to the JAR that is affecting our reheat system. (The air is conditioned to 60 degrees to remove moisture and humidity and then heated back up to temper it. That's why whenever there are high temps in the summer, the buildings will be colder than normal.)
- Starbucks refresh in Student Union—currently on hold.
- Buchtel Commons hard scape renovation—Budget issue back on track and anticipate going out to bid probably in September/October. Work will start full force the day after graduation and will take at least 2 summers.
- Goodyear—Room 1206 is getting new exhaust.
- Knight Center Creative Engagement—currently on hold.
- Crouse Hall—still a few small items need to be done. Giant robot (selfie-friendly piece of art) next to Crouse still needs some site work and then some sort of event this fall will happen.
- Fans for natatorium installed but vendor still needs to do their control part.
- Elevator modernization—Contract has been approved by the Board of Trustees as well as in-house. Steve will be going to Columbus in mid July to get state funds released for the first phase of getting the elevators for Buckingham, Leigh Hall, PFOC and Polsky buildings. Bids will then go out. It was mentioned that the Bierce elevators, which are only a few years old, have been having problems. We have a contract with Schindler Elevator Company to do our maintenance.
- Canical electrical infrastructure is moving along.
- Chiller rebuild—lost control of some of our new chillers. Not much impact since yesterday was a holiday.

Announcements

- If having problems with heating/cooling, put in a facility work order and it will be looked at as soon as possible.
- If anyone interested in chairing this committee for next year, please contact Marilia.

8. If you have a document that provides supporting materials for this month's work, upload here. This attachment should not be the monthly minutes (minutes should be submitted in #7 above).
